

Gather at the Glen FOR THE

RUTGERS
Educational
Exchange

WE'RE PLEASED to *welcome* DR. MARK GLUCK

as the first speaker in our **RUTGERS EDUCATIONAL EXCHANGE** event series.

Dr. Gluck is Professor of Neuroscience at Rutgers University-Newark, Director of the Rutgers Memory Disorders Project, and publisher of the public health newsletter, Memory Loss and the Brain. He is widely published, including more than 100 peer-reviewed articles, and the best-selling textbook, **Learning and Memory: From Brain to Behavior**. He has won many awards, including the National Science Foundation Presidential Early Career Award from President Bill Clinton. His informational and inspirational presentation will set the tone for our ongoing partnership with Rutgers University.

What's Masterpiece Living and how does it fit in?

Masterpiece Living is a nationally recognized lifestyle approach that enhances your overall wellness, including improving memory and brain function, now and into the future. Arbor Glen is the only community in New Jersey to include this life-enriching wellness program into its senior living lifestyle.

A proven, comprehensive approach.

Based on findings from a 10-year study funded by the MacArthur Foundation and in collaboration with the Mayo Clinic, Masterpiece Living promotes optimal health by fostering opportunities for continued growth in four essential areas:

SOCIAL • INTELLECTUAL • PHYSICAL • SPIRITUAL

Did you know you can ONLY find Masterpiece Living in New Jersey at Arbor Glen?

It's true. And it's also why we urge you to attend our very first Rutgers Educational Exchange event with Dr. Gluck, an expert in learning and memory, as he unlocks some of the mysteries of the aging brain. Community representatives will also be on hand to answer your questions about Masterpiece Living and share how Arbor Glen embodies the philosophies of this life-altering wellness program in everything we do.

..... Immerse **YOURSELF** in KNOWLEDGE.....

Priceless educational experiences await you.....

Fascinating subjects. Definitive insights. Our guest speakers and performers from Rutgers University will share their insights and talents in such areas as literature, science and the arts. It's a special series we're unveiling this summer and you're invited — space is limited and these events are sure to fill up fast, so RSVP now for yourself and a guest.

First up: Exploring the origins of learning and memory.

Is your memory as sharp as it used to be? Does the thought of Alzheimer's give you pause? Join Dr. Mark Gluck for a lively and informative tour of your brain where you'll learn how memories are formed, why some are retained and some are forgotten, and how memory changes as we age. Best of all, he'll provide practical tools for maintaining and improving your memory, including what to do today to reduce your risk for memory issues tomorrow.

Welcoming ALL. Embracing YOU.
