Travel back in time and join us for a special celebration to commemorate the one-year anniversary of The Fountains of Hope, Sarasota's best-kept secret for assisted living and memory support. Tour our beautiful campus and see some of the exciting options on the menu. Take part in good, old-fashioned family fun and 50's-style activities and entertainment, including a musical appearance by The King of Rock and Roll, Elvis Presley. Sip on milkshakes and feast on your favorite diner foods while listening to classic jukebox tunes. And mingle with residents, staff and other families who make life better around-the-clock, today and every day, at The Fountains of Hope.
