

# AGED. ANTIQUÉ. *Appreciated.* APPRAISED.

*Learn the value of your oldest treasures.*

The Fountains of Hope is hosting a special Antiques & Heirlooms private event, and you're one of a select few to be invited. You'll have the opportunity to meet Gary Piattoni, a professional with more than 20 years of experience in the fine art and antiques business, in a small, intimate setting. He has appeared regularly as an appraiser on public television's *Antiques Roadshow* since 1997, and has also contributed to numerous articles in publications such as *New York Magazine*, *Town & Country* and *Chicago Magazine*. Previously, he was a specialist with Christie's fine art auction house in New York. Gary will spend time sharing his story, how he came into the business, and then evaluate your item, discuss its detailed history and determine its potential market value.
